WHAT IS COMMUTER STUDENT ENGAGEMENT?

Commuter Student Engagement is dedicated to connecting, supporting, and engaging non-residential undergraduate and graduate students at Georgia Tech.

We offer engaging programming, promote campus resources, and help advocate for an elevated commuter student experience.

WHO IS A COMMUTER STUDENT?

Georgia Tech defines Commuter students as those students enrolled in a residential program (i.e., not fully online) who do not live in on-campus housing managed and operated by Georgia Tech.
